Molecular clocks: common ancestor of all living land plants
Morris 2018
Harris 2022
Hooper 2026
Molecular clocks: common ancestor of living vascular plants
Morris 2018
Harris 2022
Hooper 2026
Fossils (pale: possibly present; dark: certainly present)
Land-plant spores
Spore-capsule fragments (Oman)
Branched plant bodies
Vascular-plant bodies
448 Ma: one assumed case, ten times fewer finds before about 427 Ma
429 Ma: earliest start of the vascular-plant body record if finds accrued at a steady rate
